BISCA STAIRCASES

Bisca transforms staircases and landings with their bespoke quality balustrades. Replacing traditional outdated and heavy wood balustrades and landing gallery, this space was opened up and given a more contemporary feel with Bisca's hand forged, blackened ornate balustrade. Capped off with a hand carved oak handrail with a scroll end, Bisca have brought a new lease of life to a dated staircase. T: +44 (0) 143 977 1702 | www.bisca.co.uk

SIMON ORRELL DESIGNS

Simon Orrell Designs has launched a truly original, adaptable and appealing piece - the Drum Table. It's now available in tiger cowrie shell finish.
